JENNA UYEN LY

Software Engineer

Solutions-oriented and task-driven software engineer with a keen eye for detail. Proficient in delivering high performance applications by writing efficient and scalable code compliant with industry best practices. Looking to join a positive working environment that promotes mentoring and growth.

WORK EXPERIENCE

Software Engineer at 100devs | Los Angeles, CA

January 2021 — Present

- Collaborated with a team of developers to build modern and responsive web applications, prioritizing user experience and accessibility
- Built semantically structured full stack web applications
- Employed Git version control system in workflow, preserving efficiency, agility, and scalability in independent work/team collaboration

Recent Projects:

Lexi Learn Illustrated Dictionary – an interactive illustrated dictionary with a student-friendly UI and search history functionality to promote spaced repetition learning; built with HTML5, CSS3, JS, Express, and Node.

Orange County Space Camp– a gallery of past and present photographs of the universe accompanied by a brief explanation for astronomy enthusiasts; built with HTML5, CSS3, and NASA's Picture of the Day API.

Open Source Contributions: 4C Community for Content Creators, Moody Songs Web App with API integration

Full Stack Web Developer, Freelance | Irvine, CA

September 2020 — Present

Developed full stack web applications for E-Commerce business operations. Provided consultation on SEO, advertising strategy, and content creation.

Administrative Assistant at UCI Center for Virus Research | Irvine, CA

March 2019 — September 2020

Reconfigured the organization's WordPress website while maintaining its legacy code, installed new plugins, and revamped visual features, thereby improving web accessibility and allowing for easier maintenance.

VOLUNTEERING

48in48 and Woodford County 4-H & Extension Foundation | Remote

June 2022

Collaborated in a team of skilled professionals to build a customized and fully responsive website for the Woodford County 4-H nonprofit organization. Wrote documentation to assist organizers in website maintenance.
